## The "New" AISF

Peter Mallios - Director

Recently we made some important and vital changes to how the AISF is managed and structured. In March 2019 we announced via a Media Release that the AWA-AGGA are now providing Secretariate Services to the AISF.

With this announcement we are introducing Natalie Miles as our new Executive Administrator, whom is dedicated to providing these services to the AISF with the ongoing support of the AWA-AGGA to help us grow and strengthen our industry.

With this exciting change we have also appointed a Steering Committee who's diverse industry knowledge and extensive experience will help us progress our vision to grow the AISF and strengthen our standards and recognition across all members, customers, suppliers and those interested in the surface finishing industry.
